i) Colin⁷ MCCUBBIN lived in 2001 in Whistler, B.C; info provided by Alex McCubbin.

(c) Alexander⁶ MCCUBBIN married May (--?--). He was born on 17 Dec 1914 in Greenock; info provided by Alex in an email 14/02/2001. He was the writer of the following: My father was John McCubbin and he married Agnes Porterfield Miller McLaughlin in Greenock on the 19th day of September 1904. He was 18 and his bride 17. Shortly after they boarded ship for HongKong where my father was to be employed in the Taikoo Sugar Refinery. In those days you had a contract for 5 years then were granted a years vacation. During those 5 years my sister and brother were born. At the end of the contract the family sailed for Greenock, Scotland for their vacation. My father returned to HK alone because of the war situation, and my mother was with child and advised not to travel. I was born Alexander on Dec. 17th 1914 and have little memory of my early life. We stayed with my great grandma, grandma, and mother. Mother was a seamstress and Grandma a Midwife. It was said that she delivered half the babies in Greenock, no doubt an exaggeration. My father did not see me until I was about five years old, when the family reunited in HK after the war. It seemed no time until my father was due for a holiday and in 1923 we sailed for San Fransisco where a family reunion was in the offing. My Grandmother, her four sons, one daughter, 20 grandsons and two granddaughters all attended. I have no info on my grandfather who must have died. The son of one of my uncles had been born in Malta and as the Maltese quota of immigrants was full he was detained on Ellis Island. The family wouldn't let him go alone so all the family were detained on Ellis Island. However the situation was soon rectified and all went well. I still have the family picture taken at that time. We returned to HK, everyone else remained in San Francisco and multiplied.

In 1928 my father retired from the Taikoo Sugar Refinery and we boarded ship this time to return to the land of our roots. We finished our schooling and started to work for a living. Bessie became a clerk typist, John, followed in Dad's footsteps and went to India in the Sugar trade and I went into an Accountants office and later the Cinema business.

In 1938 I was married and my American Grandma (Dad's mum) and her daughters came home for a holiday and so were guests at our wedding. A year later another war. This time I was involved and volunteered for service eventually ending up in the Scottish Commandos. Sent out to the Middle East I was in Alexandria in Egypt when my first born, a daughter was born. Alexandra Anne Sept. 10 1941. After various actions in the middle east, Cypress, Syria and the Western Desert I was made a POW and spent the next 3 years behind wire. When the war ended I was expatriated and saw my daughter for the first time and returned to my job in the cinema, later becoming manager of LaScala Cinema. A year later May gave birth to a son Campbell.

In 1954 we decided to change our life style and immigrated to Canada and chose Calgary in Alberta. I worked for an Oil Company until I retired. Campbell had married Marilyn Murphy and Anne had married Edward Sidorchuk. Campbell has a son Alexander Campbell who recently had a daughter Aislyn. Anne also had a daughter Katherine Anne and two sons James Edward and Kenneth John. Katherine Anne is married to Keiran Kelly and lives in Toronto. James Edward has two sons Alexandre and Nicolas. Kenny also increased the family with a boy named Samuel.

In 1955 decided it was time to visit the McCubbins in San Francisco. Met all my cousins, uncles and their

families. On May 23, 1966 a Family Tree was prepared but hasn't been brought up to date, but is available.

As the oldest living twig on my father's branch the only male McCubbins left at this date are Alexander, son Campbell, grandson Alex and my late brother's [John] son Colin who now lives in Whistler B.C in 2001.
